Two expert parrot owners point out the pros and cons of adopting a bird that has had a previous owner. All "Complete Pet Owner's Manuals" are heavily illustrated with color photos and line art, and are filled with reliable, easy-to-understand information on pet care. The many titles in this series show and tell pet owners how to care for dogs, cats, birds, fish, reptiles, gerbils, hamsters, and virtually every other animal that is kept as a

pet. The books give advice on purchasing and otherwise acquiring a pet, maintaining health care, housing, proper feeding, and where applicable, grooming and training. Clear, straightforward text comes with high-quality, full-color photos and anatomically accurate line art, as well as helpful tables and charts.
