When correctly trained, the handsome Boxer is renowned for unswerving loyalty to its master and its fearlessness as a guard dog. Training Your Dog books teach ordinary non-expert dog owners how to train their own pets. Virtually every aspect of training is covered, with special focus on the distinctive traits of individual breeds. Dog owners

are instructed on humane but effective methods of housebreaking and paper training, obedience training, teaching the dog to respond to verbal commands and hand signals, walking on a leash, and more. Also covered are methods of correcting bad habits such as begging, unwanted barking, and showing hostile behavior. There are many instructive, full-color photos in each book.
