Drawing on years of experience working with pet owners and rescue services, Amelia Kinkade shares the program she developed to foster interspecies communication. She offers guided meditations and other accessible exercises designed to increase intuition, teaching readers that they really can "talk with the animals," share memories and make plans, negotiate the house rules, diagnose illness, accept one another's differences, and find each other again. The book is peppered with heartwarming and often fascinating stories from her own practice, making it a sure bet for animal lovers of all types interested in enriching the bond with their pet.
