出版者:Addison-Wesley

出版时间:2007-6

装帧:Pap

isbn:9780321235145

With selections of philosophers from Plotinus to Bruno, this anthology provides significant learning support, historical context, and pedagogical tools to help the reader understand the often complex and abstract concepts encountered in

philosophy. Features such as "Philosophical Bridges," "Biographical Histories," "Prologues," and "Study Questions" offer historical context, contemporary relevance, and provide starting points for discussion. In addition to this volume of Medieval Philosophy, other individual volumes for each of the major historical eras are also available.
