

# The Canon & Its Critics

[The Canon & Its Critics 下载链接1](#)

著者:Furman, Todd M. (EDT)

出版者:McGraw-Hill College

出版时间:2003-10

装帧:Pap

isbn:9780072978995

This anthology offers 76 selections, both classical and contemporary, grouped into 14 chapters that address key philosophical questions. Offering more readings by women and African-American authors than any other introductory reader, the collection invites

students into the dialogue between the canon writers and their critics.
