The true story about a family asked to be a foster family for a baby born with only a brainstem. The doctors don't expect her to live long. Charity becomes an "angel" for each member of the family and they decide to adopt her. Blaine describes the challenges and hardships of raising Charity, but also the great love that they show for each other and as a result of this love, Charity lives many years longer than the doctors knew was possible and changes the lives of each family member. The book provides

encouragement and strength to any family raising a disadvantaged and terminally ill child. Blain Yorgason has written and co-written over 60 books. His book, "Chester I Love You" was released by Disney as "Thanksgiving Promise" and it is rebroadcast each fall. "The Windwalker" was made into a major motion picture.
