出版者:Routledge

出版时间:2007-4

装帧:HRD

isbn:9780415281102

The "Routledge Philosophy Guide Book to Kant on Judgment" introduces students to Immanuel Kant's "Critique of Judgment", widely accepted as the foundation of modern aesthetic theory. It places this philosophical classic in its historical context and shows its relevance to major issues in contemporary aesthetics. Robert Wicks leads the reader through Kant's analysis and deduction of pure judgments of taste, and goes on to explore the themes of nature, fine art and morality found in the Critique. This is the ideal book for anyone coming to Kant's "Critique of Judgment" for the first time.

有启发性。

不佳。Wicks的把握很多时候都不太到位。
