出版时间:2007-9

装帧:

isbn:9781851685318

In this book of puzzles and paradoxes, Peter Cave introduces some of life's most important questions with tales and tall stories, reasons and arguments, common sense and bizarre conclusions. From how to get to heaven, to speedy tortoises, paradoxes and puzzles give rise to some of the most exciting problems in philosophy - from logic to ethics and from art to politics. Illustrated with quirky cartoons throughout, "Can a Robot be human" takes the reader on a taster tour of the most interesting and delightful parts of philosophy. This title is for everyone who puzzles about the world.
