著者:Gandhi, Mahatma/ Duncan, Ronald

出版者:Dover Pubns

出版时间:2005-2

装帧:Pap

isbn:9780486437668

This anthology of Gandhi's writings offers a revealing look at his life and philosophy, focusing on subjects of enduring interest -- rather than day-to-day political matters -- and the development of the philosophy of Satyagraha -- defense of and by the truth. This collection also features significant excerpts from the Mahatma's speeches, correspondence, and diaries.
