著者:Wildes, Kevin Wm. 编

出版者:Kluwer Academic Pub

出版时间:1995-10

装帧:HRD

isbn:9780792333821

Critical Choices and Critical Care brings together the traditional reflections on ordinary and extraordinary means with Catholic social thought. It examines the difficult questions on the allocation of high technology resources used in intensive care medicine. The book also provides relevant background information (e.g. statements by the Society of Critical Care Medicine and the Congregation for the Doctrine of the Faith). It is accessible to theologians, philosophers, and health care professionals.
