著者:Rush Rhees

出版者:Wiley-Blackwell

出版时间:2005-05-27

装帧:Paperback

isbn:9781405134248

Rush Rhees, a close friend of Wittgenstein and a major interpreter of his work, shows how Wittgenstein's "On Certainty" concerns logic, language, and reality - topics that occupied Wittgenstein since early in his career. It is an authoritative interpretation of Wittgenstein's last great work, "On Certainty", by one of his closest friends. It debunks misconceptions about Wittgenstein's "On Certainty" and shows that it is an essay on logic. It exposes the continuity in Wittgenstein's thought, and the radical character of his conclusions. It contains a substantial and illuminating afterword discussing current scholarship surrounding "On Certainty", and its relationship to Rhees' work on this subject.
