出版者:Routledge

出版时间:2007-6

装帧:HRD

isbn:9780415380386

"The Routledge Companion to Philosophy of Religion" is an indispensable guide and

reference source to the major themes, movements, debates and topics in philosophy of religion. A team of renowned international contributors provide sixty-five accessible entries organised into nine clear parts: Philosophical Issues in World Religions; Key Figures in Philosophy of Religion; Religious Diversity; The Theistic Conception of God; Arguments For the Existence of God; Arguments Against the Existence of God; Philosophical Theology; Christian Theism; and Recent Topics in Philosophy of Religion. Covering key world religions including Hinduism, Buddhism, and Islam, and key figures such as Augustine, Aquinas and Kierkegaard, the book explores the central topics in theism such as the ontological, cosmological and teleological arguments for God's existence. Three final parts consider Catholicism, Protestantism, Eastern orthodoxy and current debates including phenomenology, reformed epistemology, religious experience, and religion and science. This is essential reading for anyone interested in philosophy, religion and related disciplines.
