This flexible and accessible text for the introductory critical thinking course uses current, relevant examples from a range of sources (including technology, advertising, film/TV, and the Internet) to address social issues, the law, politics, science, and more. Inviting and inclusive, the text features a wealth of examples and exercises that draw on the varied experiences of students from different ethnic, social, and cultural backgrounds. "Second Thoughts: Critical Thinking for a Diverse Society" provides a refreshing and comprehensive study of critical thinking and logic tools for today's students.
