

# Possibilities And Paradox

[Possibilities And Paradox\\_ 下载链接1](#)

著者:J. C. Beall

出版者:Oxford University Press, U.S.A.

出版时间:2003-4-24

装帧:Paperback

isbn:9780199259878

Extensively classroom-tested, this text provides an accessible and carefully structured introduction to modal and many-valued logic. The authors cover the basic formal frameworks, as well as considering a variety of philosophical issues surrounding 'possibilities and paradox'. In order to aid understanding, each chapter provides the following features: exercises to give students hands-on experience, examples to demonstrate the application of concepts and a list of further readings.
