出版者:Addison-Wesley

出版时间:2006-12

装帧:Pap

isbn:9780321439567

Covering important philosophical issues aimed at today's students, paired articles "talk to each other," thus setting up a clear "pro-con" format. Each pair of readings features an introduction with a list of "Points to Ponder" which focuses students on the issues they'll encounter as they read. The chapters conclude with "The Continuing Debate," which includes "What is New" and "Where to Find More," to encourage further study and discussion.
