This is part two of a four-part prose reading course designed for beginners in Greek and other learners wishing to consolidate their reading skills. Particular attention is paid to idiomatic usage (both in Greek and English), word order and the use of particles and particle-combinations, while practical guidance is given on mastering the verbal systems and other features of the language which beginners generally find problematic. The four units may be studied in succession as part of a progressive course, but each unit is sufficiently self-contained to permit the pursuit of particular interests.

和这一套reading course的第一卷法庭演说一样，同样是一本非常reliable的commentary。
