著者:Kerr, Fergus

出版者:Blackwell Pub

出版时间:2002-8

装帧:Pap

isbn:9780631213130

Written by a leading theologian, this new account of the writings of Thomas Aquinas and their interpretation by modern commentators reflects the major revival of interest in his work. After Aquinas makes available in one volume all the material necessary for a rounded appreciation of Aquinas's work and his enduring influence. As well as revisiting Aquinas's own work, Kerr brings together a range of views that have previously appeared in disparate places, thereby exploring alternatives to the standard understanding of Aquinas's writings. This book therefore represents a major revisionist treatment of Thomism and its significance, combining useful exposition with original, creative thinking. After Aquinas will become essential reading for all undergraduate students and scholars interested in the work of this great theologian.
