isbn:9780812695953

Mount up and prepare to get some bugs in your teeth. In Harley-Davidson and Philosophy words like Sturgis, Hollister, and panhead will share the page with Marx, Hobbes, and ethics. Fourteen badass contributors, all biker-philosophers, give you a piece of their minds in these provocative essays. Here, you will encounter bad attitudes. We'll stick it to the man, we'll wale on helmet laws, and we'll put advertisers and cage-riders through the wringer. You'll also get some exciting biking adventures, a few jokes, and even a cool picture or two. A Harley-Davidson motorcycle, legendary symbol of the outlaw and American individualism, is the ultimate ride for cool people. This book is the ultimate read for cool people. If you've ever admired a gleaming Harley or envied its rider or even if you just thought Zen and the Art of Motorcycle Maintenance was profound, this book is for you.
