出版者:Oxford Univ Pr

出版时间:2007-10

装帧:Pap

isbn:9780195311143

The Little Philosophy Book is a short exploration of major philosophical questions. Robert C. Solomon engages students in an exploration of the self, the universe, and the nature of truth and morality, addressing deep and perennial questions. In a lively and accessible style, with attention to history and other cultures, he poses such questions as 'Who are you, really?' and 'How should we live?' Because no definitive answers are provided, the book encourages students to integrate philosophy into their own lives. It is an ideal primer for any introduction to philosophy course.

评论

入门书就该这样，努力把概括写得有意思（做到了），努力理清一系列混乱（还是挺乱），并且——留个让人干劲十足的尾巴——"welcome to it!"
