

A Brief History of Everything

[A Brief History of Everything_下载链接1_](#)

著者:Ken Wilber

出版者:Shambhala

出版时间:2007-03-27

装帧:Mass Market Paperback

isbn:9781590304501

In a breathtaking trip from the Big Bang to the Postmodern world we inhabit, Ken Wilber examines the universe and our place in it, and comes up with an accessible and entertaining account of how it all fits together. Along the way he sheds light not only on the great cosmic questions but on various contentious issues of our day, such as changing gender roles, environmentalism, diversity and multiculturalism, even the meaning of the Internet. A Brief History of Everything is the perfect introduction to the great Integral thinker at his wise and witty best.
