出版时间:2007-7

装帧:Hardcover

isbn:9780230527485

This anthology focuses on the extraordinary contributions Wittgenstein made to several areas in the philosophy of psychology - contributions that extend to psychology, psychiatry, sociology and anthropology. To bring them a richly-deserved attention from across the language barrier, Daniele Moyal-Sharrock has translated papers by eminent French Wittgensteinians. They here join ranks with more familiar renowned specialists on Wittgenstein's philosophical psychology. While revealing differences in approach and interests, this coming together of some of the best minds on the subject discloses a surprising degree of consensus, and gives us the clearest picture yet of Wittgenstein as a philosopher of psychology.
