著者:Latter, Tony

出版者:Hong Kong University Press

出版时间:2007-9-11

装帧:Paperback

isbn:9789622098602

This book addresses two points. Is Hong Kong's approach to economic policy really as 'hands off' as we are led to believe? And how are economic policies determined within Hong Kong's unique governance structure?

作者介绍:

ony Latter is an economist with a long association with Hong Kong, as Deputy Secretary of Monetary Affairs in the 1980s and Deputy Chief Executive of the Hong Kong Monetary Authority from 1999 to 2003. Thereafter he has been Visiting Professor at the University of Hong Kong and columnist for the South China Morning Pos
