装帧:Hardback

isbn:9780415320016

Margaret Schabas is Professor of Philosophy at the University of British Columbia. She is the author of two monographs, "A World Ruled by Number" (Princeton, 1990) and "The Natural Origins of Economics" (Chicago, 2005). She is also co-editor of "Oeconomies in the Age of Newton" (2003), and the author of over 30 articles. Carl Wennerlind is Assistant Professor of History at Barnard College. He is the author of numerous articles on David Hume's political economy that have appeared in "History of Political Economy", "Hume Studies", and "Journal of Political Economy". His most recent piece on Hume garnered best article awards from the History of Economics Society and the European Society for the History of Economic Thought.

评论

论文集，提供了一些可以参考的线索。Hont的话痨，Berry的乏味，两篇探讨passion的文章值得对观，剩下的文章都非常劝退
