

# Democracy Detained

"This important book portrays an administration dedicated to...  
dismantling the rights that were partially instituted by the Constitution and  
deepened and enriched through dedicated struggle ever since."

—NOAM CHOMSKY

Democracy Detained exposes the deplorable secret crimes committed by the Bush administration in their war on terror. Prominent legal activist Barbara Olshansky

documents the assault on our constitutional democracy since 9/11, meticulously analyzing the unlawful justifications made by the U.S. government for covert actions at home and abroad. She reports on current shocking practices, from the outsourcing of torture through extraordinary rendition, to first-person testimony from innocent men imprisoned without charge at Guantánamo Bay, to revelations of a surveillance network tapped into the homes of average citizens. Democracy Detained is an essential resource for Americans concerned about their civil rights.
