"Be prepared for a mind-opening experience."

"Highly readable; excellent for students. . . . A tonic and eye-opener for anyone who wants a politics that works."

"America Beyond Capitalism comes at a critical time in our history-when we all know our system isn't working but we are not sure what can be done about it. This book takes us outside the confines of orthodox thinking, imagines a new way of living together, and then brings that vision back into reality with a set of eminently practical ideas that promise a truly democratic society."

"Succeeds brilliantly in taking the Jeffersonian spirit into the last bastion of privilege in America, offering workable solutions for making the American economy one that is truly of, by, and for the people."

"The kind of careful, well-researched, and practical alternative progressives have been seeking. And it's more-visionary, hopeful, even inspirational. I highly recommend it."

"A compelling and convincing story of the future."-William Greider, author of *The Soul of Capitalism: Opening Paths to a Moral Economy*

作者介绍:

GAR ALPEROVITZ is the Lionel R. Bauman Professor of Political Economy at the University of Maryland. Among his many books are *The Decision to Use the Atomic Bomb* and *Rebuilding America* (with Jeff Faux). His articles have appeared in *Mother Jones*, the *New York Times*, the *Washington Post*, the *Los Angeles Times*, the *Nation*, and the *Atlantic Monthly*. He is also a founding principal of the Democracy Collaborative.
