isbn:9781566080156

Designed to introduce students to individual forensic events, giving suggestions and guidelines for their preparation. The text describes each event and the experience of competing. Students are shown how to select and perform winning materials, and how to achieve success. Chapters describe the structure and strategies of original oratory, extemporaneous speaking, humorous, dramatic, poetic, and duet interpretation, as well as prose interpretation, impromptu and expository speaking required by many forensics contests.
