PERFECT FOR NEW AND SEASONED EARLY CHILDHOOD EDUCATORS AND CAREGIVERS! Using Art to Make Art is a book of activities based on art concepts, art elements, and principles. The emphasis is on process and a variety of mediums are explored. It is important to understand that art reflects different cultures and time

periods in history. It is more meaningful for young artists to express themselves through their own creations when they have knowledge, inspiration, and motivation gained from other artists. Using Art to Make Art encourages exploration, creativity, and self-expression while developing basic art skills and concepts.
