出版时间:2005-10-20

装帧:Hardcover

isbn:9781585676699

Computer technology has completely revolutionized the work of graphic designers, printers, and print-production professionals. This completely revised fourth edition of Production for Graphic Designers embraces all the new and emerging technologies in graphics and print production, comprehensively explaining the pre-press and printing

processes. It also covers new workflows and spells the dizzying array of acronyms encountered by today's designers. As well as covering print, it provides an authoritative guide to working in digital media, particularly the Internet.
