作者介绍:

Milan Krajcik is a medical doctor, and he also works extensively with the cetoniine

scarab beetles. He has just completed parts 1 and 2 of a Catalogue of the Cetoniidae of the World that includes complete listings of taxa, authors, original citation, type locality, latest synopsis, and location of type specimens. Part 1 includes the Goliathini, Cetoniini, Gymnetini, and Diplognathini. Part 2 includes the Schizorhinini, Stenotarsiini, Xiphoscelidini, Cremastocheilini, Trichiinae and Valginae. This work is an updated continuation of the Coleopterorum Catalogus. Write Dr. Krajcik for further information.
