U.S. President Thomas Jefferson dreamed of settling the North American continent. During the 1800s, Jefferson's dream came true as soldiers, explorers, and settlers moved west. The Exploring the West books tell about the fascinating people who led the way in conquering and settling this wild land. This series explores and supports the standards "Era 4: Expansion and Reform (1801-1861)," and "Era 5: Civil War and Reconstruction (1850-1877)," as required by the National Standards for History.
