isbn:9780736807999

The Going to School in History series transports students through time to school days of the past. Readers will discover what subjects students studied, what materials they used for writing, and how long the school year lasted. Special sidebars teach the games, crafts, and activities that kids from each time period enjoyed. This series explores and supports the standards under "Living and Working Together in Families and Communities, Now and Long Ago," as required by the National Standards for History.
