出版者:Facts on File

出版时间:2004-4

装帧:HRD

isbn:9780816047062

Praise for the previous edition: A superior writing style marks this history of pharmacology...an excellent introduction. School Library Journal Billions of dollars are spent each year for the research and development of pharmaceutical drugs. Who invents or finds these healing drugs? How do we know they are safe? How are they tested
