Learning from Latino Teachers offers insightful stories and powerful visions in the movement for equitable schools. This compelling book is based on Gilda Ochoa’s in-depth interviews with Latina/o teachers who have a range of teaching experience, in schools with significant Latina/o immigrant populations. The book offers a unique insider’s perspective on the educational challenges facing Latina/os. The teachers’ stories offer valuable insights gained from their experiences coming up through the K-12 system as students, and then becoming part of the same system as teachers.
