From Publishers Weekly What child does not like to look in a mirror? On the last page of *The Big Book of Beautiful Babies Board Book* by David Ellwand, babies can see themselves in a mirror after they look at dozens of captivating black-and-white photographs of other babies. Some babies are "quiet," some babies are "loud," some babies are "shy" and some babies are "proud." The loud baby, especially, is having a lot of fun, kneeling on top of a very large drum. (Mar.) Copyright 2001 Reed Business Information, Inc. Book Description From bold to bashful, bewildered to beautiful, this sturdy board book bursts with babies! Sharp, silvery-toned photography captures a multitude of first expressions that will entrance readers young and old. A quiet baby peers out at the world with huge, thoughtful eyes, while her loud counterpart bangs delightedly on a giant drum. A messy baby wreaks havoc with a bag of flour, while a neat companion poses proudly. With its invitingly simple,

rhythmic text and stunning images of infants, readers will want to keep turning the pages. And on the last page, they will find a special child-safe Mylar mirror and see the baby they know best!
