"If you wonder in winter..." So begins this lyrically written "Read, America Classic" which delights children and adults as it tells what happens in the very first, perfect forest. Cover to cover full-color art brings the story to life as the gentle fable soft-sells a lesson on the the joy of caring about others." ... a book at a level of storytelling with appeal for generations of readers." ??? Read, America "The book relays the value of both concern for each other and for the environment." ??? Publishers Weekly
