Sarah's walk home is perfectly safe, but you know how creepy things can look when it's getting dark. Shadows take on lives of their own, any noise can make you jump, and a perfectly normal yard can seem pretty scary indeed. Witty verse propels Sarah from fright to fright while with each page turn, kids can see the harmless everyday objects

that inspire her fear. Kids won't ever look at grills or skateboards the same way again

娃当年看了不下100遍。人家的结论是：1 晚上最好不要独自出门，容易自己吓自己 2
your imagination could be bad, very bad
