

# Math For Kids and Other People Too

[Math For Kids and Other People Too\\_ 下载链接1](#)

著者:Pappas, Theoni

出版者:Transition Vendor

出版时间:1997-12

装帧:Pap

isbn:9781884550133

Theoni Pappas helps kids discover what mathematics is all about--not dreary, repetitive computations, but concepts brought to life by stories, puzzles, and challenges. With a section dedicated to puzzles, games, and tricks, and more than 100 illustrations packed into a large-sized format, this book is just the ticket for demystifying math and getting youngsters interested in it.
