It is almost Halloween, and Tilly Witch has a serious problem. Happy and gay, dancing and giggling, she feels kindly towards everyone. How can she hope to frighten anyone when she doesn't feel the least bit wicked? Tilly knows she needs emergency treatment, so off she flies on her surfboard. "I'll be back when I feel worse!" she calls

out to her black cat. On strict orders from the witch doctor, Tilly returns to Miss Fitch's Finishing School for Witches, where, in her courses in Pumpkin Carving, Black Magic, and Witch's Brewing, Tilly tries desperately to regain her nasty and evil ways in time for Halloween.
