出版者:Dk Pub

出版时间:2007-5

装帧:HRD

isbn:9780756625962

This new interactive book series features images and unique novelty elements to help infants learn key concepts. The books are designed for the way young babies see the world around them. A parents' tips section provides a developmental millstone chart for parents to see what their child will be ready to learn, and suggestions on how to make the most of reading time.
