出版者:Dk Pub

出版时间:2006-9

装帧:HRD

isbn:9780756622350

Follow the most remarkable episode in prehistory in this all-in-one compendium of everything dinosaur. This volume marries the very latest in paleontology with an easily accessible atlas format to illuminate the mysteries of dinosaur origins, clues to what they looked like and where they lived, and, most intriguingly, what happened to them. In vivid recreations of the prehistoric world and fascinating see-through overlays featuring 3-D computer graphics of skeletal structures, DK's Dinosaur Atlas brings dinosaurs to life! AUTHOR BIO: Dougal Dixon has written many children's books and encyclopedias. He has participated in a number of worldwide dinosaur excavations, and in 1993 was awarded the Distinguished Achievement Award for Excellence in Educational Journalism by the Educational Press Association of America.
