isbn:9780756629397

From the silky red butterfly to the bumpy-shelled crab, this photographic touch-and-feel series covers all the popular themes of colors and sea life. Lively, read-aloud text introduces new concepts, encourages children to touch, tickle, and explore the textures, and to lift out the play pieces. Using the play pieces develops creativity and manual dexterity, and putting them back into the books encourages sorting and matching skills.
