As Patricia T. O’Conner proved in the original *Woe Is I*, a national bestseller, grammar can be entertaining and easy to understand. And now she’s made it fun for middle-graders. With funny chapters like “Incredible Shrinking Words,” silly poems about meatballs, and examples that reference *Shrek* and earwax jelly beans, kids will know this isn’t a dry, boring reference book. Instead, conversational language and humorous examples painlessly illuminate the rules of the English language. Like a humorous *Strunk and White* for 4th through 8th graders, this is destined to become a must-have for every English classroom and student.
