Journey along the world's longest river, from the Nile delta to Nubia, with the Egyptologist Kent Weeks. Open the panoramic gatefold to discover the magnificence of a pharaoh's tomb in the Valley of the Kings, and then turn the transparent pages to reveal the effects of 3,000 years on a human mummy. Along the way readers will peer inside incredible pyramids and take a journey into the Next World as they learn the secrets of the dead. At the end, intrepid explorers witness how today's scientists are using CAT scans and other cutting-edge technology to uncover the answers to some of ancient Egypt's most intriguing mysteries.
