Amazon.com Born during the worst storm ever seen by her small village in India, Parvati is both blessed and cursed with mysterious powers that confound her people. Wild animals flock to her; she is able to charm fish, birds, even deadly cobras. But Parvati's truly exceptional talent is her ability to dance like the Hindu god Shiva himself. At age 6, she hurls herself into a cooking fire and dances safely through the flames, emerging without a single burn. Naturally, these powers scare the other villagers. Only her mother Meenakshi loves and believes in her, protecting her from the their curious and hostile stares. The guru Pillai, a famous Indian dance teacher, hears of Parvati's talent and comes to offer her a position in his dance school, or "gurukulam, " in the large city of Madras. Once there, she questions her destiny, or "dharma, " as she experiences both a devastating loss and a blossoming romance; "...she thought about the mystery of dharma--how some things were very difficult to accept, while others opened as simply and as naturally as a flower." But through it all, the fire of Shiva burns within her, and Parvati knows that, despite all other callings, she was born to dance. Suzanne Fisher Staples, renowned author of the award-winning Shabanu and Dangerous Skies, has woven together a magical tapestry of a tale that is a mystical hybrid of history and legend. At a time when teenage girls have more options than ever when choosing their own destinies,

Parvati's story will inspire readers to set high goals and settle for nothing less than their true heart's desire. An instant classic.
