For the Phantom,  
there is only one girl.

For Sam,

there is only one horse. Sam and the mysterious, powerful mustang known as the Phantom have become friends, and she's determined to defend his freedom on the open range. But the mustang has been accused of stealing tame mares from local ranchers. Sam knows the Phantom isn't responsible, and she races to prove his innocence. Then a local rancher offers a reward to anyone who can capture the wild stallion. A price on his head means it's not just his freedom Sam's fighting for -- it's his life.
