Even the most angelic babies sometimes hit or bite, and no one—not Mommy, or playmates, or even the family pet!—is exempt when the adorable, but frustrated, toddlers in *No Biting!* decide to act out. But just lift the flaps, and you'll discover that these babies know a better way to act after all. Refreshingly honest and all-too-true, this funny book is one that babies and parents will want to share again and again.
