It can be felt that the Finnish wooden church will appeal best to posterity when it can be experienced as a timber structure, creaking and slightly worn with age, with often puzzling details held together by a relatively precise geometry of proportions

nevertheless letting them speak in their own "dialects".

评论

block-pillar church

第一章是文献综述，后面几篇是按时期列举的heritage，简明扼要。然我想看到的Sweden和Russia对Finland的影响写得有点少~再找找~

缺少一些细部构造
