出版者:Sage Pubns

出版时间:2005-8

装帧:Pap

isbn:9780761929727

Using actual classroom footage, this video companion to "The Parallel Curriculum" is an excellent resource that shows examples of how the model might look in a range of classrooms and subjects. Carol Ann Tomlinson expertly guides staff developers and

teachers by discussing characteristics of the model, and its potential to benefit a broad range of students - including advanced learners.
