isbn:9780205418183

This text is an accessible analysis of critical pedagogy and articulates multiple ways of applying its principles in various contexts. This powerful analysis of the often difficult rhetoric of critical pedagogy argues that critical pedagogy opens the door to a broader and deeper perspective on teaching and learning in the classroom and the community. The text strongly encourages teachers to continuously adapt teaching beliefs and strategies to meet the needs of today's classrooms. Critical Pedagogy, 3/e, offers thoughtful examination of the theoretical models of critical pedagogy in an engaging, understandable writing style.
