The 32 full-size designs in this book range from window lighters of sport figures, pets, flowers and birds to 5 fan lamp designs including a 1950's Caddy. The most exciting feature of the designs in this collection is the surface paint effects. The how-to section

clearly explains the steps to successfully paint these details even for those crafters with no painting experience. The key is a special wax free transfer paper (included with the book) which allows you to simply trace the paint details onto the glass surface, then all that is left to do is follow the lines with ordinary air-dry enamel paint. All projects are shown in colour and are complete with a material list and colour suggestions, assembly tips, degree of difficulty and approximate time to complete.
